New Technology in Our Classrooms

It was been agreed last year that all primary schools will receive a new Technology for Learning (T4L) server giving schools capacity to offer additional and improved services. The new server allows schools to easily deploy new software, rebuild computers with the department image and run wireless networks.

The T4L server has provided Biddabah Schools with a foundation for moving ICT forward to implement eLearning strategies, increase access to learning resources, enhance collaboration across the education community and provide essential support for school ICT operations.

All Biddabah computers have now been migrated to a new eT4L system. The technology committee consisting of Mr Harris, Mrs Broxom, Mrs Dutch and Mr Andersen, assisted by some very techno savvy students, have been working alongside Mrs Cox in processing all computers in our lab and classrooms. In addition fifteen new computers have arrived at Biddabah to replace older units. These will be dispersed throughout the school on Friday.

Thanks to Mrs Cox, Mr Harris, Mrs Broxom, Mr Andersen and our student Technical Team for their hard work to date.

Mrs Dutch Computer Coordinator
Dear Parents,

Sorry, no Show Holiday again this year but I hope that you take the children to the show anyway. The show dates are Friday 1st to Sunday 3rd March.

Now I know the Newcastle Regional Show could not rival Biddabah’s 2012 Twilight Fete but give it a go anyway. As a kid I always liked the wood-chopping and the hot dogs.

Getting Along means working well with my classmates and solving problems with them without getting angry and following the rules of my classroom.

Organisation means setting a goal to do my best in my schoolwork, planning my time so that I’m not rushed and having all my supplies ready.

Persistence means trying hard and not giving up when something feels like it’s too hard to do.

Confidence means feeling “I can do it”. Confidence also means not being afraid to make mistakes or to try something new. Confidence also means standing up tall and speaking with a clear voice.

Resilience means not getting extremely angry, worried or down. When I do get very upset, not fighting or staying away from people when I am upset, rather bouncing back to work or play.

We expect our students to learn these foundations or habits so well that they become part of the way they think and communicate with peers, teachers and parents. The YCDI program is not just the new thing, rather the new thing we are going to be doing from now on. It will take all students, parents and teachers time and commitment to get on board to make it work. That is our challenge. Through YCDI parents, teachers and students will work together to make our good school better.

Most parents will recall that in March 2010 we launched the You Can Do It program at Biddabah School. Our goal was: within the context of students, teachers and parents to develop programs that will influence the social emotional well being of children. We hoped to see:

- A positive change in school culture
- Changes in the morale and attitudes of parents, teachers and students
- Improvement in student effort and the quality of homework
- Improvement in student achievement
- Reductions in bullying
- Improved student mental health and
- Happier parents, teachers and students.

Perhaps we are not there yet but I would like to get some feedback on how we are going two years into the program. I am including a survey titled ‘Welfare & Values’ in this week’s Newsletter that I would encourage you to complete and return to school as soon as possible. The results will be published in a future Newsletter.

About You Can Do It

The objectives of the You Can Do It program relate strongly to success, building positive relationships and feelings of well being. There are five foundations (or five keys).

Cybersmart Website

The Cybersmart website is developed by the Australian Government and provides a range of cybersafety materials for parents and their children. For more information, resources, advice and tips, visit the Cybersmart website at www.cybersmart.gov.au.
schoolatoz is a DEC website offering practical support to parents for such things as Homework & Study, Wellbeing, Technology, School Guide etc.

For example in Homework & Study, not knowing where to place apostrophes can haunt people for their entire lives. schoolatoz offers an easy guide to help your child understand what they mean, how to use them and get them right, now.

Find out more?, here is the website: http://www.schoolatoz.nsw.edu.au/

Ladders in Schools

Following a Workcover directive, the Department has advised that no staff member, student or visitor in a NSW Government school is to undertake any activity working from a ladder at a height above 2 metres.

**Library News**

Only week 3 and our library is open for lessons and lunchtime activities.

Our new monitors are showing their capabilities, managing a large and eager lunchtime crowd. (Library is open Mon—Wed at lunch).

New books have been ordered to replace many "worn out" books. There is also a "wishing box" (just inside the library) where students can suggest titles of books they would like to have in the library. No promises, but students know what they enjoy reading and should have an input.

If any parents are able to cover books I would love to meet you (I am here Mon—Thur). Also if you have any concerns with library please contact me.

Thanks
Thelma Keogh

**Band News**

**WANTED:** Students to take up an instrument in our fantastic school band.

Mr Ward, is especially, looking for anyone interested in playing the drums, but all instruments are available on excellent terms. Research into a musical education has shown positive outcomes for student’s learning in all areas.

If anyone is interested please see Mr Ward on Tuesday mornings or Mrs Broxom for details.

Thank you.

**EASTER RAFFLE**

This year the Easter raffle will be drawn on Monday 25th March.

As Easter eggs and products are already on display we are asking our families for donations of Easter eggs, Easter products and gift bags and baskets which will be put together to form the prizes on offer in our Easter raffle.

These items can be left at the school office.

Raffle tickets will be sent home with your eldest child 2 weeks prior to the raffle being drawn.

If you are able to assist with bundling raffle tickets or wrapping hampers please give me a call on the number below.

If you have any questions feel free to give me a call on 0432310741.

Many Thanks
Mandy Swan
Fundraising Coordinator

**Canteen News**

Unfortunately our milk supplier cannot supply Vanilla Malt milk so we will only have Banana milk as an alternative to strawberry.

There has been a price increase on our Vanilla Lime and Apple Raspberry Juice Bombs. These will now sell for $1.70 not $1.50. Effective Monday 3rd March.

Just a reminder that we have fruit available for purchase before school for fruit break.

All lunch orders must be received at the canteen by 9.15am. Please check our specials board for new items and daily specials.

If you have any queries in regards to menu items or anything canteen related I will be in the canteen Monday to Friday from 8am until 11.30am of give me a call on 0432310741.
