Dear Parents,

Your child has been placed in a class with another child who is allergic to peanuts. As you are aware any contact with any type of nut or products with traces of peanuts, for a person with such an allergy, causes a severe reaction and can be life threatening.

It is requested that any food brought to school i.e. recess, lunch, party day, cake day etc by your child not contain any nuts or nut products e.g. peanut butter sandwich, nutella, any muesli bars with nuts, chocolates, any dip type snack with cashews, hazelnuts, etc.

Your support is greatly appreciated. If you have any concerns, please discuss them with your child's teacher.

Regards,

Ms Josie Minett
Learning Support Team Coordinator
